

Current Rates

Last Updated: 01 June 2016

Introduction

Many companies only give their rates after you've enquired and given them your contact details - which we believe puts many people off. At Feedzon, we're open about everything we do, including our prices.

This document is about the rates for consultancy and custom development. For rates relating to products, feedzon credits or address credits, please see the respective product page.

Day Rates

- Consultancy / development - 30 day contract or less - £895 per day
- Consultancy / development - 31 day contract or more - POA

Hourly Rates

- For customers with a current support contract where the development work is covered by the support contract - £0 per hour up to the maximum number of hours covered by the contract
- For customers with a current support contract, where the development work is not covered by the support contract - £125 per hour. Minimum one hour
- For customers without a current support contract - £125 per hour. Minimum four hours

Weekend Working

- Scheduled weekend work, above rates x 1.5
- Unscheduled or emergency weekend work, above rates x 2

All prices exclude VAT & expenses.
